Browse the flip charts on the walls around the room and place your post-it(s) within the most relevant topic.

If need be, create a new topic.

End up standing next to the topic you are most interested in.
With the others grouped around your topic, review the post-it notes.

How could the questions best be resolved? By who, where, using what? (networks, web resources, mentors, ...)

Write your group’s thoughts onto the flip chart, highlight proven methods.
