Public notes

Note	Added by
*Please note that the accreditation has been backdated to include the gap in accreditation caused by a late re-accreditation visit. Accreditation has been backdated to cover the following period: 1 September 2024 – 22 January 2025. This accreditation expires on 23 January 2028	Institution of Engineering and Technology
• As for the multiple standards listed, the apprentices within the company work in different disciplines and so will be following different standards but the scheme is centrally managed.	Institution of Engineering and Technology
• The new recognition against AAQA is against UK-SPEC profile of competences. The IET can confirm that it was mapped to competences and not learning outcomes.	Institution of Engineering and Technology
