### Public notes

Note	Added by
This apprenticeship standard (ST0243) is delivered by a number of training providers such as ProVQ, Claas UK and many UK Land-based FE colleges. Refer to the Institute for Apprenticeship and Technical Education website ( <a href="https://www.instituteforapprenticeships.org/apprenticeships/st0243-v1-2">https://www.instituteforapprenticeships.org/apprenticeships/st0243-v1-2</a> ). The apprenticeship is completed via work-based learning, plus day/block release to training provider, followed by end point assessment.	Institution of Agricultural Engineers
Work-based learning, plus day/block release to training provider, followed by end point assessment.	Engineering Council
