Public notes

Note	Added by
IMechE (6 years Distance Learning): This programme is accredited by graduation dates for the period of 2011-2017. Accreditation is awarded for those students whose certificates are suitably endorsed (i.e. the Diploma Supplement) and identify clearly they have followed the restricted choice programmes.	Institution of Mechanical Engineers
This programme should be completed within the timeframe specified above. Students taking longer than this will therefore not hold an accredited qualification.	Institution of Engineering and Technology
IET accreditation is by intake year (the year in which a student registers on the programme) Further learning required from the 2010 intake	Institution of Engineering and Technology
Students will only be considered to hold an accredited qualification if they have followed the restricted pathway. This only applies for Students up to the 2014 intake. If you wish to contact the IET to apply for professional registration with B65 and to check whether your pathway is accredited by the IET please contact profreg@theiet.org for more information.
